

# Midwest Convention: Kansas City & St. Louis

---

August 26-30, 2025

ERA's 2025 convention will be centered on Kansas City and St. Louis, Missouri. This is ERA's first visit to Kansas City in modern memory and its third visit to St. Louis since Jack May's trips in 1994 and 2007.

Kansas City is the sixth most populous city in the Midwest with a 2020 population of 508,000 and 2.4 million in the bi-state metropolitan area. The Kansas City metropolitan area has seen three transformative developments in passenger transportation over the last nine years: (1) opening of the 2 mile KC Streetcar in 2016, whose boardings per mile exceeds major systems such as San Francisco's MUNI Metro or Houston's MetroRail; (2) introduction of free-fare rides on Kansas City buses and streetcars in 2020, the first such program in the United States; and (3) opening of the spectacular brand new 40-gate international airport. A 3.5-mile extension to the KC Streetcar is slated to open sometime in 2025, hopefully by the time of our convention.

St. Louis has a population of 301,578 inhabitants within a metropolitan area of 2.8 million. St. Louis has three significant passenger transportation assets which our convention will cover: (1) the 2-line, 46-mile MetroLink light rail system which opened in 1993 was the eighth of nine pioneering second-generation light rail networks that opened in US cities between 1991 and 1994, featuring large multi-car trains, running at high speeds and wider station spacing than legacy trolley networks; (2) the 2.2-mile Delmar Loop Trolley, a heritage trolley operation which runs over lines formerly operated by the legacy St. Louis Public Service Company; and (3) the sprawling National Museum of Transportation (NMOT) which exhibits examples of all modes of transportation with special emphasis on railroad cars, trolleys and a functioning trolley operation.

We have prepared an exciting program for this convention. Our Kansas City visit will include escorted rides on the KC Streetcar and a tour of historic 1914 Union Station. We will depart this station on Amtrak's Missouri River Runner to get to our second city, St. Louis. As mentioned above, we will take an escorted tour of St. Louis' MetroLink and its maintenance shop, the Delmar Loop Trolley as well as the National Museum of Transportation. We will also take a day trip to the iconic Midwest Old Threshers Reunion in Mt. Pleasant, Iowa, an annual fair attracting international attention, with exhibits of antique steam tractors and agricultural equipment, with fair service provided by restored trolley cars.

Read on for details on our outstanding hotel accommodations and program. Book now to save your space! We have space for 50 participants!

## Itinerary

---

### Tuesday August 26, 2025: Kansas City

We will meet in the Hampton Inn & Suites lobby at 8:45 a.m. so that you can check-in with the ERA tour leadership and receive your final itinerary, and badge/lanyard which you should wear at all events. At 9:15 a.m., the group will take travel northbound on regular [KC Streetcar line](#) service. Our first stop will be KC Streetcar headquarters, 600 East Third Street, east of the North River Market terminal station. From there it is a ten-minute walk to the KC Streetcar Vehicle Maintenance Facility (VMF). Note: if you are unable to make that walk, RideKC MAX on nearby Grand Boulevard cuts that walk to 5 minutes or take an Uber/Lyft for about \$15 including tip. Tom Gerend, KC Streetcar's Executive Director, will give us a presentation on the development of the most successful new streetcar operation in the United States. Our southbound trip will include a photo stop at Delaware Street and 5th Street. One of the last PCC cars to operate in Kansas City is on display at that location. As of our March 2025 publication date, it's not yet known whether the streetcar line operate on the current 2.2-mile route or the extended 5.5-mile route. We should know more by the time you receive your confirmation letter in July 2025.

Following our streetcar ride, we will have a narrated tour of Kansas City's historic 1914 Beaux Arts [Union Station](#) at 1 p.m. At its peak, the station served 670,000 passengers a year with ten train platforms. Amtrak still serves this station with six daily arrivals and departures. Besides touring the historic space, the tour will stop by the 8,000 square foot [Model Train Gallery](#). Following this tour, ERA guests are invited to dine at *Harvey's at Union Station* located in the station's Grand Hall. We have reserved space for the full ERA contingent.

**Participation is at your own option and at your own expense.** The last page of this flyer contains the special menu that Harvey's has prepared for the ERA and features a special priced menu of \$24 per person, tax and gratuity included, and covering lunch entrée and coffee, iced tea or soft drink. When you receive your final confirmation about six weeks before our trip, you will be asked to select your lunch so that it's ready at the end of the tour.

Late afternoon and evening are free for you to explore Kansas City further. One of the reasons for the popularity of the KC Streetcar is that fine dining dots almost stop on the line. See this [list of eating and drinking places near the KC Streetcar](#). To that list, we would add:

1. **Excellent Austrian and Central European cuisine** at [Grunauer's](#) or outstanding American comfort food at [Brown & Loe](#) just steps from the City Market KC Streetcar station.
2. **Dine at a Kansas City BBQ restaurant.** Kansas City has most BBQ restaurants per capita in the US; it's known as the BBQ capital of the world. The publication *Tourist: 50 Travel Tips From a Local* cites these six restaurants as the best in Kansas City: [Arthur Bryant's BBQ](#) (burnt ends), [Joe's Kansas City](#) ("Zman"), [Fiorella's Jack Stack Barbecue -- Country Club Plaza](#) (rack of ribs), [Q39 Midtown](#) (sampler of pulled pork and chicken), [BB's Lawnside Blues & BBQ](#) (everything). Other than Arthur Bryant's on 18<sup>th</sup> Street and Brooklyn Avenue or Fiorella's, don't take transit; an Uber/Lyft is much faster. Reservations are encouraged at all establishments where this is available.
3. **Old Westport:** one of Kansas City's main nightlife – acclaimed local restaurants: [Beer Kitchen / Kansas City's Original Gastropub](#), and [Char Bar](#). Reservations recommended, reachable by bus in 20 minutes.

Other significant tourist attractions are listed below. There are so many that one free afternoon wouldn't do them justice. The ERA discounted Hampton Inn room rates are available for arrivals up to three days prior to the August 24 check-in for our convention.

- **Shopping:** [Country Club Plaza](#) is Kansas City's premier shopping destination. Opened in 1923, it is considered to be the first planned large outdoor suburban shopping center in the United States and among the first regional centers to accommodate shoppers arriving by car. Planned in 1922 by J. C. Nichols and designed in Baroque Revival and Moorish Revival style echoing the architecture of Seville, Spain, The Plaza comprises numerous, large city blocks of over 70 high-end retail establishments, restaurants, and entertainment venues, as well as offices. It encompasses a 15-block area, and includes 40 statues, fountains and sculptures; 12 towers; carriage rides and sidewalk cafes. My favorite sidewalk or indoor café for breakfast or lunch is [The Classic Cup Café](#). It is only open to 2 pm each day and reservations are suggested. **If all goes to plan, Country Club Plaza will become the new southern terminal of the expanded 5.5-mile KC Streetcar.**

### **Kansas City has curated a reputation as a preeminent destination for museum goers:**

- [The National WWI Museum and Memorial](#): Directly opposite Union Station, two streetcar stops from our hotel, this museum is America's leading institution dedicated to remembering, interpreting and understanding the Great War and its enduring impact on the global community. The Museum and Memorial holds the most comprehensive collection of World War I objects and documents in the world and is the second-oldest public museum dedicated to preserving the objects, history and experiences of the war.  
Adjacent to the museum are the memorial sculptures including the 1926 [Liberty Memorial Tower](#). From the summit 268 feet up from ground level, one can capture the money photo of the Kansas City skyline with iconic Union Station in the foreground.
- [The Harry S. Truman Presidential Library & Museum](#). Reopened in 2021, following a \$29 million world-class transformation, visitors can expect a cinematic experience of some of the most dramatic chapters of world history, from the Great War to WWII to the Red Scare and the Korean War, plus, the creation of the State of Israel, civil rights victories, the extreme makeover of The White House and Truman's Whistle Stop campaign and 1948 victory. Hailed as "the new standard for presidential libraries" this museum is a must-see experience. This library and museum is one of 15 presidential libraries operated by the National Archives and Records Administration. **Bus service to the library was eliminated in January 2025 as part of budget cuts. Uber or Lyft will get you there in 20 minutes. The library, along with the National WWI Museum and Memorial and Country Club Plaza are signature tourist attractions not to be missed.**
- **Art Museums:** The acclaimed [The Nelson-Atkins Museum of Art](#) and the nearby [Kemper Museum of Contemporary Art](#) are home to over 43,000 works combined. The Nelson-Atkins Museum is near Country Club Plaza and features neoclassical architecture, a large collection of Asian art and impressionist works, and extensive outdoor gardens featuring a famous sculpture of shuttlecocks.
- [The National Museum of Toys and Miniatures](#). This museum boasts the world's largest collection of fine-scale miniatures and one of the nation's largest collections of antique toys on public display. The museum boasts more than 33,000 square feet of exhibit space and a collection of more than 72,000 objects.
- [Hallmark Visitor Center](#). The Hallmark Visitor Center highlights the history and evolution of the founder of Hallmark, how Hallmark, and what it represents. Inside the museum there is a gift bow machine you can create a genuine Hallmark bow and take it home as a souvenir. In another room, there is a unique camera that takes your picture wearing a funky virtual crown (and send your

picture to you via email). There is also a full-size theater with comfortable seating where you can enjoy a feature video of the history of the Hallmark company. There are many collections of gift items, ornaments, cards; products from the past and today. There are also many historical items that symbolizes this company's values and history.

- **American Jazz Museum.** In Kansas City's historic 18<sup>th</sup> & Vine Jazz District, this museum has been touted by the New York Times as an interactive paradise, with numerous listening stations, touch-screen adventures and custom mixing soundboards, allowing visitors to delve into jazz legends and honor their legacy. The museum also hosts the **Blue Room**, its working jazz club, the **Gem Theater** for special events, or jam sessions at the **Mutual Musicians Foundation**.
- **Negro Leagues Baseball Museum.** Adjacent to the American Jazz Museum, the Negro Leagues Baseball Museum (NLBM) recreates the look, sounds and feel of the game's storied past. Video presentations and memorabilia in the 10,000 square-foot multimedia exhibit chronicle the history and heroes of the leagues from their origin after the Civil War to their demise in the 1960s. The museum is laid out as a timeline of the Negro Leagues and American history.
